Our credit clinics are personalized, confidential and informative. We will pull your credit report and credit score. Our credit counselor will review them with you and help you develop a plan of action to dispute any errors, deal with any negatives, and increase your score!

This credit clinic is offered in partnership with Tangible Assets, a financial education and matched savings project of Central Vermont Community Action Council, and is made possible by a grant from the FINRA Investor Education Foundation through a partnership with Green Mountain United Way.
